Dear Gottlieb:

I am in haste to enclose check for money due
you for placards.

After talking to the men who did not go on the
trip with Satchell, I think their big complaint
was the amount of money they were to receive.
It seems it only amounted to 10% to be divided
amongst all of them.

I hope the trip turns out alright, especially
in view of the fact they are playing in our ter-
ritory now. When they went to California, our
fans did not know too much about what happened.

If the team should be too weak, maybe the men in
the east would play the games out this way, if
they wanted them, and they could get together.
From the score last night, it sounded like the
team might be alright. Did they have any crowd?

Yours Truly
